Development of Bicycle Transport 2003 - 2006

Development of Bicycle Transport 2003 - 2006

The Future of Bicycle Transport

- Several destinations / regions which are popular for bicycle holidays
- 25 % of customers use night train for longer holiday
- Advantage over air travel

Results of customer survey 2005

- During summer around 12 % of customers travel with bicycle
- 60 % of these passengers state, that the main reason for choosing a night train is the bicycle transport facility

See you on board!
